Assignment-3-Part-2:

AI-620: Fundamentals of Data Engineering

Name: M Danish Zaheer
Roll no: 25280092

----------Part-2:----------

As per requirement the below is the multiple screenshots attached where in left window the streamlit frontend is running and making prediction while in parallel right window FastApi is running in terminal for both.

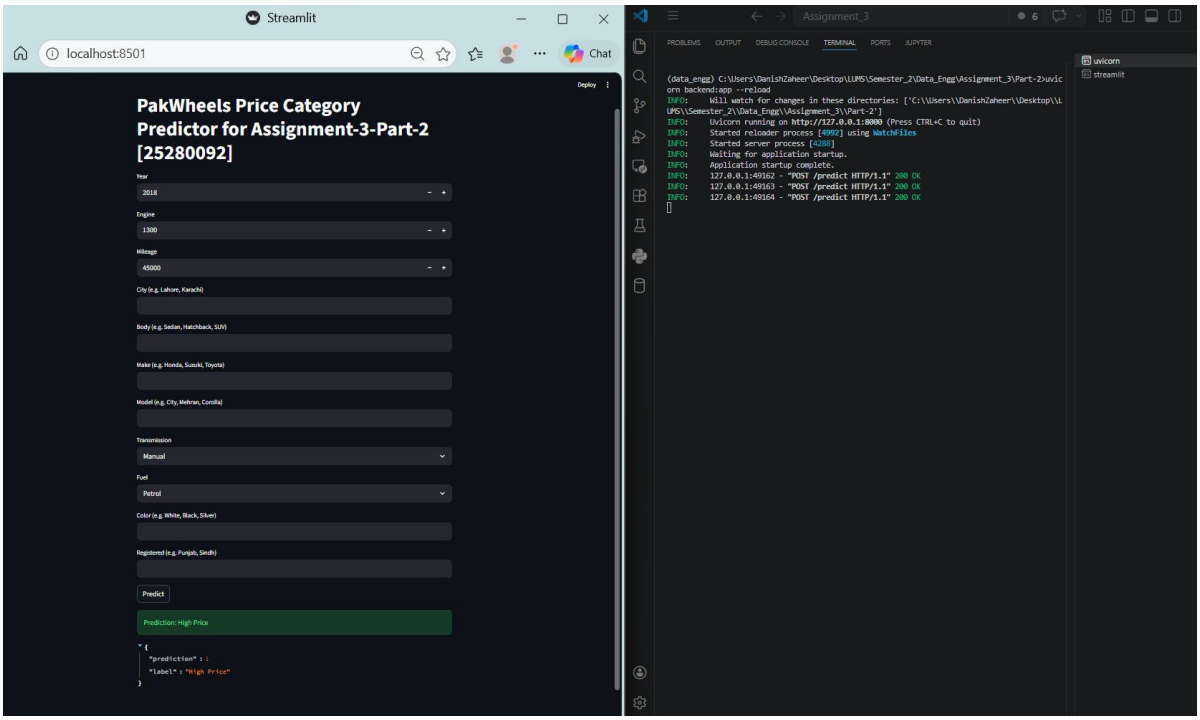

Figure 1: Prediction done on given example assignment pdf file, left is a frontend while right side shows terminal running in background.

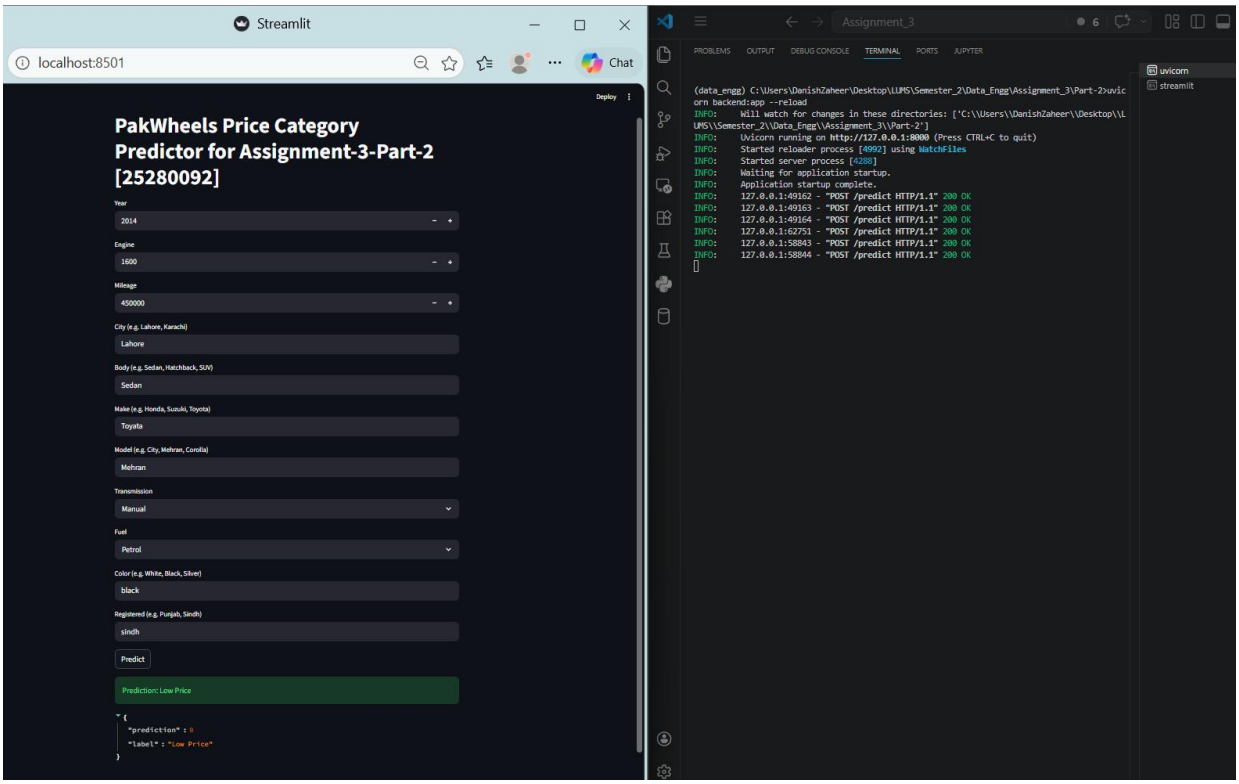

Figure 2: Prediction done on given example assignment pdf file, left is a frontend while right side shows terminal running in background.

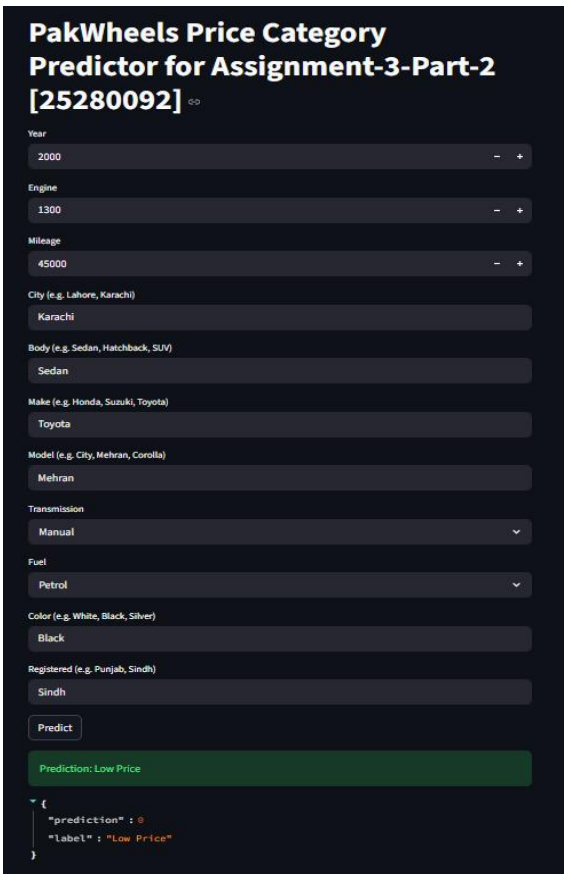

Figure 3: Image showing only Streamlit FrontEnd.

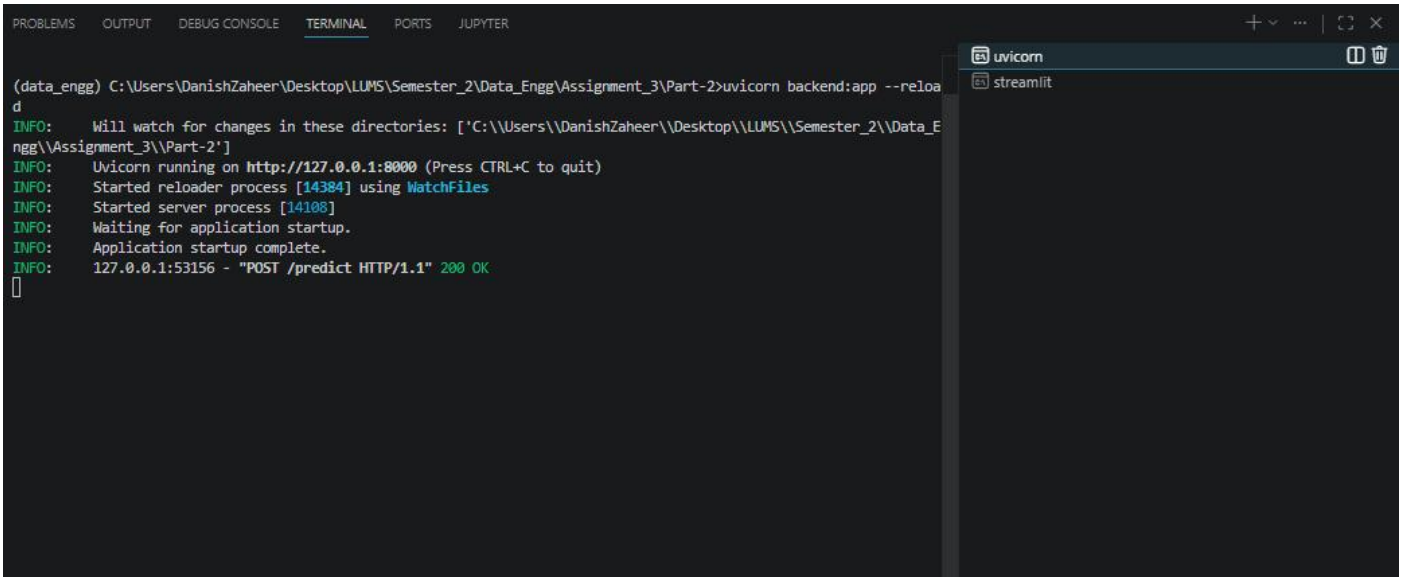

Figure 4: Image showing only FastApi terminal output at backend.
